Photographic competition. Show us your play world.

You've surely played with your knights in the garden or let your horses gallop across your pillows. Here at Schleich, we're looking for pictures just like that! Pick up a camera and photograph your play world: with or without Schleich figurines. You can submit your photos at www.schleich-s.com, or by post to our mailing address: Schleich GmbH, Am Limes 69, 73527 Schwäbisch Gmünd, Germany.

We publish the pictures on our website and, with a bit of luck, you can win great prizes!

You can find current prizes and participation conditions at: www.schleich-s.com.

Simply the best for you. Tested and honoured by experts.

Your safety means a lot to us here at Schleich. That's why it is only natural that our figurines are of the highest quality. We develop and produce our toys with great care and according to strict guidelines. They are thoroughly tested at our in-house laboratory at our German headquarters in Schwäbisch Gmünd as well as at independent institutes. The Schleich-S tag is our quality and safety seal.

You and your friends can learn a lot about animals and history with our lifelike and lovingly designed play worlds. You can find information about every Schleich product on our website.

Due to this and also the exceptionally high quality of our toys, we have been awarded several prizes.

The prizes are awarded by experts and also by parents and educators. The juries focus on distinguishing toys that are creative and exciting and that specifically foster children's development.
